Ventilation

Cooling solutions for every room
and every need.

Our range of fans provides a cooling solution for any room, regardless of its size.
From portable to standing fans, you'll be able to find one that covers your needs.

DESK FAN

Power: 50 W.
Height: 48 cm.
Front grille with a diameter of 40 cm.
3 ventilation levels.
90° horizontal oscillation favouring greater air circulation.
3 levels of ventilation identified with different colours making the use of the fan intuitive.

STANDING FAN 120 CM

Power: 50 W.
Adjustable height: 102-120 cm.
90° horizontal oscillation favouring greater air circulation.
Manually adjustable vertical tilt angle.
3 levels of ventilation identified with different colours making the use of the fan intuitive.
Cross-shaped foot that guarantees perfect stability.

TOWER FAN 74 CM

Power: 50 W.
Height: 74 cm.
3 ventilation levels.
Timer up to 120 minutes.
90° horizontal rotation movement.
Compact, light to carry and easy to store.

MINI FAN

Power: 30 W.
3 ventilation levels.
90° horizontal rotation movement.
Small, light and easy to store.

MINI FAN USB PORTABLE

Power: 10 W.
Height: 30.5 cm.
Operating time: 1,5-4 h.
3 levels of speed.
Cordless mini fan.
Bladeless design.

FAN 20 CM

Power: 40 W.
3 fan speeds available.
Allows manual adjustment of vertical tilt angle.
Automatic oscillatory movement.
Metal grille and protection.
