Pull up the power plug when the product not use.

INSTRUCTIONS &DIRECTIONS

- Remove the appliance from the packaging and peel off any adhesive labels
- Pour a teaspoon of vegetable oil onto the Non Stick Coated Toasting Plates.
- Spread over the area with an absorbent kitchen towel and then wipe off any excess oil.
- Connect to your electrical supply; the Red indicator lamp will switch on to show that the appliance is pre heating.
- Close the lid while the pre heating occurs. During this time prepare your sandwich food ingredients.
- The appliance is ready for use once the Green on. This will take approximately 5 minutes
- Initially, the appliance may release a slight harmless odour. This is a normal occurrence
